truu original water.
The most original, purest water for your home.

Product brochure for the truu home 3: It explains the 9-stage high-end filter system including the truu barrier® UVC germicidal barrier, the benefits for health and the environment, as well as pricing models and technical specifications of the system.

NEW: The new truu home 3 eliminates 99.99 % of all germs thanks to the highly efficient UVC germ barrier truu barrier®.

truu barrier® UVC germicidal barrier - eliminates 99.99 % of all germs

Water is an indispensable component for our health and well-being. The purer the water, the better it is for our bodies. truu original water is water, pure and unadulterated as it was in times when the environment was still untouched.

truu original water - purest water for your home

It is free from harmful substances and is purely healthy. truu home 3 is the innovative water filter system that brings truu original water to you. Turn your drinking water connection into a source of the purest, most original water - truu original water.

Water, as natural as possible

The truu quality guarantee. Water, as natural as possible.

The truu home 3 is not only highly advanced, but also a holistic and sustainable high-end filter system. It purifies drinking water down to the finest molecular level, removing contaminants and environmental toxins. Heavy metals, pharmaceutical residues, hormones, pesticides, and even PFAS - the so-called forever chemicals - don't stand a chance. After molecular filtration, water flows exclusively through high-purity V4A stainless steel to completely prevent recontamination by microplastics. Following nature's example, the water is then swirled and energized as if flowing through a stream.

truu barrier® UVC technology

truu home 3 - The third dimension of purity for your home.

- 9-stage pre- and main filter technology filters 99 % of all contaminants
- 99.99 % of all bacteria and viruses are filtered out
- V4A stainless steel tap included, also optionally available as a three-way model
- Including installation
- For invisible permanent installation, for example in the kitchen
- Compact dimensions, suitable even for the smallest kitchens
- Efficient through digital control
- Sustainable through lighter and durable materials
- Easy maintenance thanks to UVC indicator and truu fast connect®
- 30 years manufacturer's warranty including on-site service* (AT, BE, BR, CH, DE, ES, FR, IT, LI, LU, NL, PL, PT, UK)
- 30 years of update guarantee
- High-tech Made in Germany

truu UVC indicator

Always in full control of germ protection technology.

Good to be truu. Good for your health. Good for the environment.

- Perfect protection thanks to truu barrier® UVC germ barrier
- Water free from contaminants
- Highly bioavailable
- For optimal metabolism
- Excellent taste
- Saves thousands of plastic bottles
- Eliminates transport routes
- Energy-saving system

truu home 3 in detail. The 9-stage high-end filter system.

1. 0.5 µm sediment filtration filters sand, sludge, rust, and other coarse particles down to 0.005 mm in size as well as most bacteria and viruses.
2. Purification through ultra-fine, baked activated charcoal - 99 % of the following substances are removed: odors and other organic compounds, THM, TEE, chlorine, ozone, pesticides, hydrogen sulfide.
3. Lime transformer - A granule pearl additive in the activated carbon ensures that calcium carbonate dissolved in the water crystallizes and can no longer settle.
4. Lead barrier - An additional additive that protects against highly harmful lead deposits, for example from old pipe connections.
5. truu barrier® UVC germ barrier - The new, highly effective technology deactivates bacteria, viruses, and germs by 99.99 %.
6. High-tech molecular filtration - >99 % of the following substances are removed: bacteria, viruses, nitrate, arsenic, lead, cadmium, sodium, sulfate, calcium, magnesium, phosphates, chlorides, fluorides, radioactive substances, dioxins, organic substances, THM (trihalomethanes), PFAS (perfluoroalkyl chemicals), pesticides, industrial chemicals, pharmaceutical residues, oral contraceptive, drug residues.
7. Odor, taste neutralization and pH value optimization through acid-washed bio-activated carbon - Residual substances that are in the water through the house pipes are neutralized.
8. Restructuring through special ceramics with EM technology - The original crystal structure of the water is restored.
9. Energization in V4A special tubing - Specially developed design enables the natural flow of water through 3D micro-turbulence. The water's property of providing energy is restored.

NOTE: After the 6th filter stage, material change to V4A stainless steel.

truu original water for your home. The flexible pricing models.

Position | Terms and conditions

Individual retail price | DE: 4,648.00 € // Rest EU: from 4,698.00 € // CH / LI: 5,048.00 CHF *

Delivery | Included

Installation | Included

Financing, monthly payment | from 71.00 €**

Leasing, monthly payment | from 85.00 € plus VAT***

** incl. 8.1 % VAT for CH / LI ** With financing over 6 years. Standard offer subject to credit check. *** With leasing over 5 years. For individual financing, you can also speak with your bank.*

The truu home 3 system. Dimensions, weights, connections.

truu home 3 system - Compact design for any installation location

- truu quattro pre-filter unit 113 mm x 440 mm x 90 mm
- Main unit 118 mm x 460 mm x 375 mm
- Weight (dry): main filter unit 14.15 kg, truu quattro pre-filter 1700 g
- Fixed water connection for inlet and outlet
- Can also be installed individually behind a fascia
- Connection for additional devices integrated
- Aqua-Stop safety mechanism
- 9 bar after the pump
- 120W high-performance pump*
- 150W max. total power consumption*
- 7.2 W power consumption UV lamp*
- Power supply: 110-240 VAC / 2.5A / 50-60 Hz (safety class II)*
- System: 24 VDC / 5A / 80W (safety class III)*

- 2.0 digital control for maximum efficiency

NOTE: * Power consumption only during the production of truu original water.

truu original water. An outstanding recommendation.
truu gmbh, Westring 14, DE-75180 Pforzheim, t +49 7231 1333500, e home@truu.com, w truu.com

It's good.
to be truu.
